350WHT DURAWALL® Fiberglass Bathtub Wall

The 350 DURAWALL® fiberglass bathtub wall brings together simplicity in design, outstanding features and the highest quality in molded fiberglass bathtub walls. The 350 DURAWALL® can make a statement of elegance and quality in any bathtub alcove.

Features

- Produced from high-grade, reinforced, molded fiberglass using matched metal molds.
- Ideal for new or remodel projects, Topaz™ Bathtubs, as well as standard 30" x 60" bathtubs of other manufacturers.
- Includes a large, molded-in, self-draining shelf.
- Three (3) panel wall system with seamless corner panels and overlapping edges.
- Panels can be trimmed to simplify installation in out-of-plumb alcoves or for installing DURATRIM® window kits.
- Adhesive mounts to drywall or like surfaces.
- Smooth, white colorfast semi-gloss finish. Mold and mildew-resistant... easy to clean.
- DURAWALL® bathtub walls allow for the placement of grab bars per ADA specifications

Code Accepted

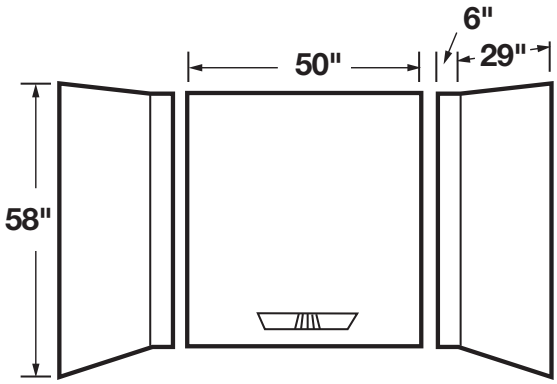

DURAWALL® bathtub walls meet or exceed performance requirements as listed:

- American Society of Testing and Materials (ASTM) E-84
- American National Standards Institute (ANSI) Specification Z 124-2022
- Inhalation Toxicity Test – to evaluate inhalation health hazard with combustible products
- CAN/ULC S102-07 Burn and Smoke Test
