 - 2 - Locknuts

- Aluminum Trash Receptacle (10 Gallon)
- Hinged Lid (attached)

PLEASE CHECK THE CONTENTS OF THE BOX AND CALL CHADWELL SUPPLY IF ANY PARTS ARE MISSING.

CHOOSE A SPOT!

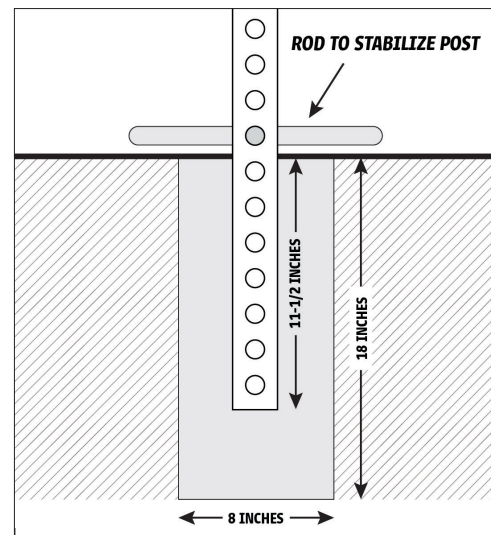

Pick a visible location on your property for the Puppy Glove™ Trash Receptacle.

INSTALL THE MOUNTING POST

- Dig an 18 inch deep by 8 inch wide hole (fig. 1).
- Insert the larger post (2" x 2" x 4') about 11½" into the hole.
- Make sure the post is level and plum (vertical position).
- Stabilize it by placing a rod (not included) through the holes right above ground level.
- Mix concrete (not included), following manufacturer instructions, then fill the hole with concrete.
- Let the concrete dry for at least 12 hours.

Puppy Glove™

ALUMINUM TRASH RECEPTACLE

INSTALLATION INSTRUCTIONS

415255

ATTACH THE TRASH RECEPTACLE

- Secure the trash receptacle to the post using the two 2½” bolts in the pre-drilled holes in the back wall of the receptacle (Bag D).
- NOTE:** *The side with the flat edge on the lid goes up against the post.*
- The upper back wall of the trash receptacle should rest against the head of the lower post bolt. This creates a small gap between the receptacle and the post, allowing the lid to open smoothly from left to right without hitting the post.
- The bottom of the can should be about 9” from the ground (fig. 2).

INSTALL THE LINER TRASH BAG

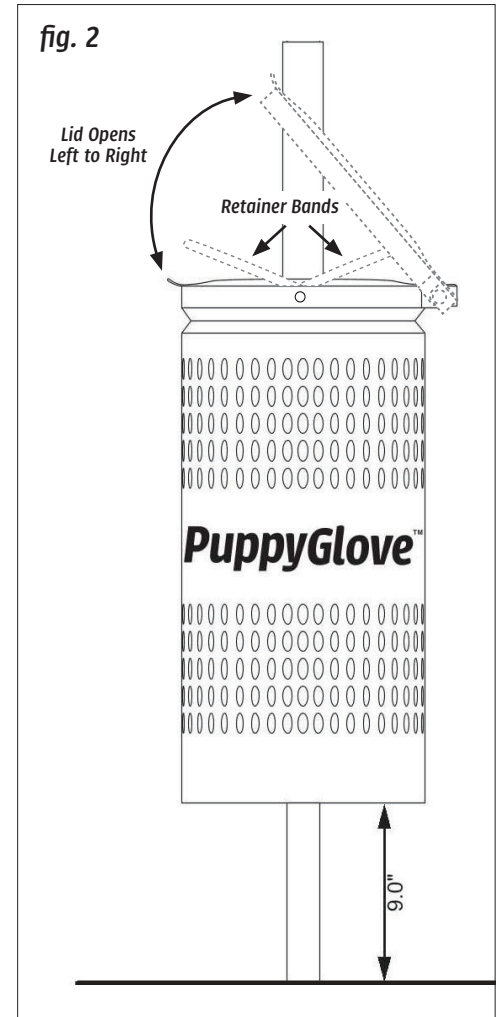

- Pull the metal retainer bands up a couple of inches.
- Place a Puppy Glove™ Trash Receptacle Liner Bag inside the trash receptacle and fold it over the metal retainer bands.
- Then lower the metal retainers bands down to secure in place.

MAINTENANCE

- Regular cleaning and maintenance will help expand the life of the trash receptacle.

ENJOY THE RESULTS!

Watch pet owners use the station to keep the area clean and tidy!
