WATCO

Always a step ahead®

DROP & POP Sink Drain Insert

The Quickest Upgrade to a Clog-Free Bathroom Sink

Remove old stopper. Insert DROP & POP. DONE.

Replace an old bathroom sink stopper in seconds with Watco's DROP & POP Sink Drain Insert. It is the easiest sink upgrade available on the market. The DROP & POP Sink Drain Insert stores water, drains fast, and features a built-in, removable stainless steel basket that catches hair and other debris that causes clogs before build up in or beyond the P-trap.

- ***Installs in seconds*** *with no tools; no prepwork; no adhesive; no plumbing expertise needed for installation. Locks in place with compression over old drain trim.*
- ***Stops hair clogs with built-in features for easy cleaning/drain maintenance*** *that includes a dual-layer removable stainless steel basket to catch hair, jewelry, and other small debris.*
- ***Made from durable materials:*** *Premium stainless steel, brass core, and corrosion-resistant construction ensure long-lasting performance. Sensitive push-button design switches instantly between seal and drain modes.*
- ***Universal Fit:*** *Includes 4 O-rings to fit 1.1"–2.36" standard US sink drains (fits 99% of bathroom sinks).*
- ***Choose from 3 popular finishes*** *that provides an instant updated look with a modern sink stopper*
